EXPLORING EVANGELISM MYTHS

discussion guide • ep3

EVANGELISM SHOULD BE EASY.

1. Have you ever experienced a situation such as Lizzie described when you felt pressure to share the Gospel? Please describe.
2. What is something you are good at? What did the process look like to develop this ability? What would change in your attitude toward evangelism if you viewed it as something that can be developed like any other skill?
3. Consider Dr. Jerry Root's story about the man he met at the doughnut shop. What is the worst response you could receive as you practice sharing your faith? What are positive outcomes that could occur?
4. What is God's role in evangelism? What is your role? Do you ever find yourself mixing up these roles? Please explain.
